

## LEAFLET FOR SACHETS WITHOUT FLAVOUR

# Xilaplus AF

Advanced Formula

### Intended use

Xilaplus AF is an advanced formula intended to restore the physiological functions of the intestinal walls, specifically formulated for the control and reduction of the symptoms related to diarrheal events of different aetiologies, such as abdominal tension and frequent emission of faeces. The medical device acts by forming a film which protects the intestinal mucosa, reducing the frequency and duration of diarrhoea episodes.

### Presentations

Eight or Twelve sachets containing powder for paediatric use without flavour.  
Not all presentations are available in all countries.

### Composition

Powder for pediatric use without flavour : Xyloglucan, Gelose, Silicon Dioxide.

### Instructions for use

Powder for pediatric use without flavour: mix the content of one sachet with a small amount of water and give immediately. Do not administer the product directly without mixing it.

### Dosage

Children under 3 years: 1 sachet every 8 hours.  
Children above 3 years: 1-2 sachets every 6-8 hours.

### Warnings

- Consultation with a healthcare professional before using the product is not necessary. However such consultation is advisable in case of severe or persistent symptoms or when there are doubts on the diagnosis.
- In the case of diarrhoea in children below 3 years and elderly people, consultation with a healthcare professional is recommended, especially when other symptoms are present.
- This medical device is not a pharmacological treatment. If such treatment is recommended by a Healthcare professional, the device can be administered concomitantly with it.
- An abundant intake of liquid and dietary measures accepted in the management of diarrhoea is recommended.
- Even though no side effects are known, it is recommended that the product is not used during pregnancy or breastfeeding, unless otherwise indicated by a healthcare professional.
- Do not use the product after the expiry date printed on the package.
- Do not use the product if the blister or sachets are opened or damaged
- This medical device does not require any special storage conditions. Do not freeze.
- Keep product out of reach of children.

### Contraindications

The medical device should not be used in patients with known hypersensitivity to any ingredient of the product listed in composition.

Xilaplus AF contains ingredients of natural origin and it is:

Gluten free

Lactose free

Low sugar

Suitable for vegans
